Save 7% - 19% on your Vehicle Fuel Bill

It's called the Ethos Fuel Reformulator, manufactured by Ethos Environmental Inc. With the alarm bells sounding around the world about Global Warming and the cost of Vehicle Fuel Rising Every Year, there has never been a better time to Do Something About It! With Ethos Fuel Reformulator you can Reduce Your Vehicle Emissions by 30%

With Ethos Fuel Re-formulator you will Save Fuel! Save Oil! Save on Wear and Tear to your engine! Make it run smoother, cleaner and with more power with our custom ester blend that is completely non-toxic.

Ethos fuel reformulating products reduce emissions by burning fuel more completely, which improves fuel mileage. Exhaust is essentially unburned fuel, wasted fuel, so when the fuel is used more completely the engine delivers better mileage from every tank. Efficient fuel use also means improved engine performance, because a more complete combustion process obtains increased power from each engine revolution.

Hundreds of millions of miles of road tests has proven that commercial fleets on average increase fuel mileage and reduce emissions. 4E's, Ethos FR offers a cost effective solution to help industry meet environmental regulations and relieve skyrocketing fuel prices.

Commercial fleets in the United States, Canada, Mexico, Latin America, Asia and Europe use this re-formulator. It significantly reduces emissions, fuel consumption, and engine maintenance costs.

Stovetop Mega Toaster/ Mini Griller.

The ARGAU StoveTop Toasters has turned out to be such a success that the Petra Schwarz, has put a bigger, full-size griller on the market.

The griller works just like its little brother, it sits on top of virtually any heat source as gas, an open fire, charcoal or even the barbecue. The lightweight metal is covered with baked enamel for ease of cleaning. Even breadcrumbs are in the tray for disposal.

The Mega Toaster can be used to cook a range of camp foods, like steaks, chicken or chops. As no flame comes in contact with the food, meats are

are roasted in a healthy and hygienic way. It also toasts any type, size or shape of bread, from crumpets to croissants or even a damper.

It's a fantastic and easy way to have toasted and roasted goodies when you are out camping. The unit is slim for easy storage in your caravan or camping kit and comes with a separate handle to remove it from the fire without burning your hands.

The ARGAU StoveTop Mega Toaster retails at \$49.50 including postage anywhere in Australia and can be ordered via the website www.arga.com.au, phone 02 4257 3183, Fax 02 4257 5794,

Mail PO Box 84, Oak Flats NSW 2529.

RVs Downunder has five ARGAU StoveTop Mega Toasters to give away for new subscribers.
